Circular Memo.No.IDC/MD/Tech/ EE/Pump sets/2025-26/ 37 / Dt: 08.04.2025

Sub: APSIDC – Rates for the pump sets being provided in the L I Schemes –
Board approval for revised rates - communicated – Reg.

Ref:1).Circular Memo No. IDC / JMD / Tech / DEE1 / Pump sets / 2017-18
/1756/Dt: 10.11.2017

2)Minutes of the item .09 of the 231st Board meeting communicated vide
U.O.Note.No.IDC / MD / M(F) / AM(F) / ASO(F) / 231st BM / 2024-25 / 9 /
Dt :02.04.2025.

The board has approved the following revised rates for pump sets and
accessories in 231st Board Meeting held on 25.03.2025.

Sl. No	Description of Pump set and range	Cost for HP in Rupees for items that include pumps, motors, panel boards, maintenance tools, erection and commissioning (Also includes Vacuum pump in case HCF pump sets) (Rates excluding all taxes)			
		1440 RPM		960 RPM	
		HCF	VT	HCF	VT
		Lowest rate now offered.	Lowest rate now offered.	Lowest rate now offered.	Lowest rate now offered.
1	Pump sets with LT motors up to 50 HP	17586.00	18500.00	19620.00	22100.00
2	Pump sets with LT motors above 50 HP and up to 100 HP	15450.00	18450.00	19400.00	22050.00
3	Pump sets with LT motors above 100 HP and up to 150 HP	13548.00	18066.00	15180.00	20700.00
4	Pump sets with LT motors above 150 HP and up to 250 HP	11676.00	14292.00	12791.00	15520.00
5	Pump sets with HT motors 3.3KV, above 250 HP and up to 400 HP with soft starters.	17406.00	20028.00	18140.00	19985.00
6	Pump sets with HT motors 6.6 KV, above 400 HP and up to 600 HP with soft starters.	16695.00	19200.00	17703.00	19350.00

(P.T.O)

7	Pump sets with HT motors 6.6 KV, above 600 HP and up to 900 HP with soft starters.	11950.00	13874.00	12667.00	13976.00
9	Pump set with HT motors 6.6 KV, above 900 HP with soft starters.	11,650.00	13401.00	11850.00	13471.00
1. Note : 3 % extra on the cost of pump set for each 1.50 mtrs extra length or part thereof, of column pipe assembly over the initial length of 8.50 mtrs is allowed. The extra length column pipe is to be arrived as follows for VT Pumps. Extra column pipe length = Platform level – Bottom finished level of Jack well -8.50 mtrs. 2. The above rates for HCF are for coupled pumps only. 3. The above rates are without cost of cables. Hence separate provision is to be made for cables as per the requirement and SSR rates					

The above approved rates are applicable with immediate effect to all the schemes to be sanctioned.

All the Executive Engineers / Project Engineers are hereby directed to adopt the above approved rates for pump sets as per the range in the DPR's to be submitted to the Government for sanction of the schemes and all other works.
